## What will it take to be SUCCESSFUL in raising \$30 million?

It's not possible to take the total that is needed and divide it by the number of families in our church to come up with an "average" gift for every family to give. Below is a model of the distribution of gifts that it will take for us to be successful. This also underscores the biblical principle of giving in proportion to what we have—and that's going to be different for all of us!

1	\$3,000,000+	\$3,000,000	\$3,000,000
